Cautionary Note Regarding Forward-Looking Statements

The content of information contained in this Presentation has not been approved by an authorised person within the meaning of the Financial Services and Markets Act 2000 ("FMSA"). Reliance upon this Presentation for the purpose of engaging in any investment activity may expose an individual to a significant risk of losing all of the property or other assets invested. If any person is in any doubt as to the contents of this Presentation, they should seek independent advice from a person who is authorised for the purposes of FMSA and who specialises in advising in investments of this kind. This Presentation is being supplied to you solely for your information.

While the information contained herein has been prepared in good faith, neither Pangolin Diamonds Corp. ("Company") nor its shareholders, directors, officers, agents, employees or advisers give, has given or has authority to give, any representations or warranties (express or implied) as to, or in relation to, the accuracy, reliability or completeness of the information in this Presentation, or any revision thereof, or of any written, audiovisual or oral information made or to be made available to any interested party or its advisers and liability therefore is expressly disclaimed.

This Presentation does not constitute, or form part of, an admission document, listing particulars or a prospectus relating to the Company, nor does it constitute, or form part of, any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, any shares in the Company nor shall it or any part of it, or the fact of its distribution, form the basis of, or be relied upon in connection with, or act as any inducement to enter into any contract therefore.

No reliance may be placed by an individual, interested party or its advisers for any purpose whatsoever on the information contained in this Presentation or on its completeness, accuracy or fairness thereof, nor is any responsibility accepted by the Company for any errors, misstatements in, or omission from, this Presentation or any direct or consequential loss however arising from any use of, or reliance on, this Presentation or otherwise in connection with it by an individual or interested party.

This Presentation may not be reproduced or redistributed, in whole or in part, to any other person, or published, in whole or in part, for any purpose without the prior consent of the Company. The contents of this Presentation are confidential and are subject to updating, completion, revision, further verification and amendment without notice.

This Presentation being distributed on request only to, and is directed at, authorized persons or exempt persons within the meaning of FSMA or any order made thereunder or to those persons falling within the following articles of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (as amended) (the "Financial Promotion Order"): Investment Professionals (as defined in Article 19(5)) and High Net Worth Companies (as defined in Article 49(2)). Persons who do not fall within any of these definitions should not rely on this Presentation nor take any action upon it but should return it immediately to the Company. This Presentation is exempt from the general restriction in section 21 of FMSA relating to the communication of invitations or inducements to engage in investment activity on the grounds that it is made only to certain categories of persons.

Neither this Presentation nor any copy of it should be distributed, directly or indirectly, by any means (including electronic transmission) to any persons with addresses in the United States of America (or any of its territories or possessions) (together the "US"), Canada, Japan, Australia, the Republic of South Africa, the United Kingdom or the Republic of Ireland, or to any corporation, partnership or other entity created or organised under the laws thereof, or in any other country outside the Republic of the Seychelles where such distribution may lead to a breach of any legal or regulatory requirement. The recipients should inform themselves about and observe any such requirements or relationship.

The Company's ordinary shares have not been, and are not expected to be, registered under the United States Securities Act 1933, as amended, (the "US Securities Act") or under the securities laws of any other jurisdiction, and are not being offered or sold, directly or indirectly, within or into the US, Canada, Japan, Australia, the Republic of South Africa, the United Kingdom or the Republic of Ireland or to, or for the account or benefit of, any US persons or any national, citizen or resident of the US, Canada, Japan, Australia, the Republic of South Africa, the United Kingdom or the Republic of Ireland, unless such offer or sale would qualify for an exemption from registration under the US Securities Act and/or any other applicable securities laws.

This Presentation or documents referred to in it contain forward-looking statements. These statements relate to the future prospects developments and business strategies of the Company and its subsidiaries (the "Group"). Forward-looking statements are identified by the use of, but not restricted to, such terms as "believe", "could", "envisage", "estimate", "potential", "intend", "may", "plan", "will" or the negative of those, variations or comparable expressions, including references to assumptions. The forward-looking statements contained in this Presentation are based on current expectations and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied by those statements. If one or more of these risks or uncertainties materialises, or if any underlying assumptions prove incorrect, the Group's actual results may vary materially from those expected, estimated or projected. Given these risks and uncertainties, potential investors should not place any reliance on forward-looking statements. These forward-looking statements speak only as at the date of this Presentation.
MDP Location
MDP Highlights

• More Than One Kimberlite Field
  • Distribution of indicators suggests more than one kimberlite field including both Group I and Group II kimberlites

• Four Areas Anomalous in Kimberlite Indicator Minerals
  • Three areas associated with diamonds in soil samples
  • Two areas associated with picro-ilmenites dominant
  • One area associated with mantle derived garnets dominant

• Kimberlite Indicators with Primary Surfaces
  • Ilmenites, garnets, clinopyroxenes and olivines all have surfaces indicating proximity to kimberlite source
  • Several indicators with possible kimberlite adhering to grains

• Anomalous Soil Sample Diamonds Associated with Gravity Anomalies
  • Four diamonds associated with detailed gravity anomalies
  • Largest gravity anomaly associated with diamonds >2 Hectares
The Malatswae garnets represent a very different upper mantle to that sampled by the Orapa AK1 mine kimberlite.

+25% of Malatswae garnet compositions fall within the diamond window of the upper mantle.

The garnets outnumber ilmenites 99:1 in this zone of the Malatswae Project.

The paucity of ilmenite suggests the garnets are derived from Group II kimberlites similar to the Kx36 kimberlite of Petra Diamonds.
Northern Zone - Garnet Dominant

- Anomalous concentrations of kimberlitic garnets within the MTS Grid area
- High percentage of the garnets have surface characteristics indicating close to source
- G10 garnets, consistent with a diamond friendly mantle
- Anomalous concentration of garnets confined to an area less than 2 km²
Central Zone - Ilmenite Dominant

- Anomalously high indicator counts in individual samples
- Majority ilmenite, minor garnet, clinopyroxene, olivine; both eclogitic and peridotic mantle represented
- Majority indicators with primary surfaces
- Indicator counts similar to totals directly over Lerala K003 (19 indicators) and Thankane-01 (26 indicators) kimberlites discovered by De Beers
- Indicators approximately 7km north of windblown diamond MAL157
Central Zone - Ilmenite Dominant

- The Malatswae ilmenites are not related to the Orapa ilmenites implies a completely different kimberlite source(s)
- The picro-ilmenites are derived from Group I kimberlites
Central Zone - Ilmenite Dominant

- Regional Aeromagnetic Survey data evaluated +20 Priority targets selected for follow-up
- Every target to be covered with detailed soil sampling and detailed groundmagnetic surveys
- Soil sample size increased to 100 litre samples to maximise indicator recovery (standard 40 litres)
- Several aeromagnetic anomalies have close spatial relationship with anomalous soil sample results
Southern Zone - MSC Grid

- All indicators close to source
- Maximum 3 indicators per sample
- Detailed gravity anomaly target > 2 Ha in size
Southern Zone - MSC Grid

• Recovered From Soil Samples
  • 7 Diamonds
  • Picro-Ilmenites
  • Mantle Garnets
  • Forsteritic Olivines
  • Mantle Xenolith
  • Ilmenite with kimberlite
MSC Grid – Detailed Gravity Survey

MSC Grid Kimberlite Indicators

4 Detailed Gravity Survey Areas
